REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the Examiner is convinced by Applicant's arguments that one skilled in the art at the time of Applicant's invention would not have been motivated to formulate acetylcholinesterase inhibitors such as rivastigmine, galanthamine, or lycoramine in delayed release formulations. The claimed delayed release formulations are distinct from extended release formulations and require that the active component not be released for a predetermined time period. Methods of formulating such delayed release formulations were well known in the art at the time of Applicant's invention and therefore the limitation "formulated so as to delay its activity for a predetermined period of from four to twelve hours" is enabled. Regarding the claimed methods, the methods are interpreted by the Examiner to require administration of the formulations prior to anticipated sleep in formulations that do not release the claimed acetylcholinesterase inhibitors when a subject is sleeping.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JAMES D. ANDERSON whose telephone number is (571)272-9038. The examiner can normally be reached on MON-FRI 9:00 am - 5:00 pm EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ardin Marschel can be reached on 571-272-0718. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
